Summary

Emmanuel Okolie kick-started his journey as a software engineer in 2020. Over the years, he has grown full-blown skills in Html, Css, Bootsrtap PHP and JavaScript stacks.

He is currently freelancing, building websites for clients, and writing technical tutorials and teaching others how to do what he does.

Emmanuel Okolie is open and available to hear from you. You can reach him on LinkedIn, Facebook, Github, or on his website www.emmyPortfolio.com.

Experience

Web Software Developer

White Creativity

Aug 2020 - till-date

I served as an instructor and web developer at the company.

I am majorly involved in teaching their students programming and how to build a web app.

I also assisted the C.E.O of the company in executing side projects.

Skills

HTML •Cascading Style Sheets (CSS) •Bootstrap •JavaScript •PHP •Web Development •Technical Writing
